Professional Development & Jobs

Improve your organization's use of data. Online certificate begins in January.

Increasingly, government and nonprofit agencies are turning to data to improve the delivery of public services. Learn the functions of public sector performance measurement in the completely online Strategic Performance Management (SPM) program this winter. The SPM is a noncredit certificate designed for individuals in public and nonprofit organizations, at all levels of management.

***Next session begins January 22, 2019.
