News in the Field

Government Data Needs an Ethical Foundation

By Dessa Gypalo

While the private sector has struggled with unethical uses of data, government can learn from these mistakes and craft best practices by creating a data framework that is both principled and innovative.

What Micro-Mapping a City's Density Reveals

By Garrett Dash Nelson

Exploring density by the square kilometer reveals as much variation within cities as between them—and shows that raw statistics can be deceptive.

Estonia Creates World's First-Ever 'Data Embassy' to Improve Information Security

By Haley Samsel

The high-tech country's decision to move highly sensitive databases to another country could be a model for other nations hoping to maintain their data security.

Public Performance and Management Review Call for Manuscripts

Public Performance and Management Review (PPMR), the journal of the American Society of Public Administration's Section on Public Performance and Management invites manuscripts addressing a broad range of factors influencing the performance of public and nonprofit organizations and agencies (including best practices in

measuring and evaluating performance, improving budget strategies, managing human resources, building partnerships, engaging citizens, and applying new technologies). More information is available [online](#) and by [email](#).

3rd Annual Voinovich Public Innovation Challenge

The Voinovich Public Innovation Challenge is an annual event that highlights exciting new strategies for enhancing student education, addressing unmet needs, advancing knowledge, and/or improving programmatic efficiency or effectiveness.

For information on participation, [click here](#).

Please note that NCPP is not affiliated with the Voinovich Public Innovation Challenge.
